2007 BIATHLE WORLD CHAMPIONSHIPS, Monaco Sunday 30th September 2007

Playground of the rich and famous, sheltered by the Maritime Alps and sitting by the shore of the Mediterranean Sea.... Monaco will again be a wonderful setting for the event.

So many of you who went to Monaco in 2005 have told us how much you enjoyed staying at the Residence Palais Josephine and how convenient it was for the competition venue, so we have contracted the same accommodation, in the lively district of Beausoleil. These elegant apartments sit in a seven storey block, with a variety of shops on the ground floor and set in a palm tree lined pedestrian area.

The accommodation is comprised of apartments of varying sizes and as always, we are happy to offer accommodation only packages or a full package of flights, return airport transfers and accommodation.

As ever, budget airline schedules will not be published until 6 months before the date of travel and we believe cheaper flight options will open then.

However, we know that many people will want to book an accommodation only package now and add your flight later and we can see no reason why you cannot book now.

Accommodation only Packages include;

- Nice airport meet and greet
- Return airport transfers
- 4 nights self catering accommodation
- Breakfast
- Nirvana Europe ground support

**from £299 per person based upon
two people sharing an apartment**
